

# AMERICAN COUNCIL ON IMMERSION EDUCATION

The American Council on Immersion Education (ACIE) is an organizational network for individuals who are interested in immersion education (teachers, administrators, teacher educators, researchers, parents). Conceived by immersion teachers in Minnesota and funded in part by the National Language Resource Center in the Center for Advanced Research on Language Acquisition (CARLA) at the University of Minnesota, ACIE aims to facilitate communication among immersion teachers and immersion education advocates.

ACIE publishes a newsletter three times a year containing articles written for immersion teachers by immersion teachers with an emphasis on ideas and best practices, as well as school profiles, research reports and a calendar of upcoming events of interest to individuals involved in immersion education. As immersion education has grown, ACIE has also been working to create liaisons with schools and educators throughout the U.S. in order to promote best instructional practices, provide professional development opportunities, and establish an internet presence. We hope that you will help us to expand the network by sending in your membership application today.

**Two types of membership to ACIE are available - individual and institutional.** Individual memberships cost \$25.00 for one year or \$45 for two years. Individual members receive three issues of the ACIE newsletter (November, February, May) and \$25 off a summer institute. Institutional memberships cost \$200 for one year or \$350 for two years. Institutional members receive 20 copies of each of the newsletters (November, February, May) to be distributed to teachers, administrators, parent groups, board members and others who may be interested in the program and five coupons for a \$50 discount on one of the summer institutes redeemable in the academic year the membership is purchased. In addition, each institution is asked to fill out a school profile that ACIE will keep on file.
